Leo 3 Smart is the first housing in the world, universal for all smartphone models, whether iOS or Android.

- The smartphone communicates with the housing through a wireless connection. All you need is the Easydive application (app) available in Apple Store or Google Store.
- Inside the housing there is a battery pack 7800 mAh.
- The smartphone is connected by cable to a power supply system that keeps the phone battery always charged during your dive.
- The housing supports the use of the full potential of the camera phone (Adjust Time, ISO, HDR, White Balance, Focus Auto or Manual).
- It's possible to switch between Photo Mode to Video mode by simply pressing one single button.
- The "Selfies" button allows you to use the front camera of your Smartphone underwater. Finally you can take great pictures in the foreground, looking directly to the display, or record a video in which the user becomes the star.
- The display, in high definition and with the considerable size of the new Smartphone, provides incredible control of the shot during the diving.
- Made of a full aluminum block
- Compatible with the vacuum system and hydrophone.
- The housing is guaranteed up to 150 meters in depth.
- Like all Easydive housings, we grant, also for Leo 3 Smart, a lifetime warranty.

Payment & Rental Terms

Prices are quoted per rental day, tax excluded; VAT is added at checkout in accordance with applicable tax regulations. Minimum rental period is 3 days. Duration-based discounts apply automatically as shown in the Rental Pricing table above.

EasyCare Bailment is a mandatory refundable security deposit, charged in addition to the rental fee at checkout. It is fully refunded once the equipment is received back and inspected at our workshop, less any costs for damage or missing items beyond reasonable wear and tear.

Secure Wire Transfers payment.

Equipment is shipped by courier service.

Equipment is returned ex-works for inspection prior to reimbursement of the EasyCare amount.
